Step 1: Brainstorm and Idea Listing

The team considered multiple AI-based education ideas without judging them initially. The ideas were then grouped around the common goal of making learning easier, faster, interactive, and personalized.

S.No	Team Member	Idea / Suggestion	Category	Group No.
1	Priyadharshini G (Team Leader)	AI-powered learning assistant that can answer student questions and provide beginner-friendly explanations.	AI Learning Assistant	1
2	Bushra Fathima T (Team Member)	AI-based quiz generator that creates practice questions from a given topic or study material.	Assessment & Practice	2
3	Pooja M (Team Member)	Personalized learning path that recommends topics and a sequence of learning activities based on the learner's goal.	Personalized Learning	3
4	Priyadharshini G (Team Leader)	AI summarizer that converts long learning material into concise revision notes.	Study Support	1
5	Bushra Fathima T (Team Member)	Interactive doubt-solving chatbot for quick academic question answering.	Q&A; / Doubt Solving	1
6	Pooja M (Team Member)	Single platform combining Q&A, explanations, quizzes, summaries, and learning-path recommendations.	Integrated EdTech Platform	1

Step 2: Idea Prioritization

The grouped ideas were assessed using feasibility and importance. The team selected the integrated EduGenie concept because the final solution combines the most useful learning-support capabilities in one application.

Group No.	Final Idea	Feasibility (High/Medium/Low)	Importance (High/Medium/Low)	Priority	Selected (Yes/No)
1	EduGenie – integrated AI learning assistant with Q&A, topic explanation, summaries, quizzes, and personalized learning paths.	High	High	1	Yes
2	AI-powered assessment and quiz generation for topic-based practice.	High	High	2	Yes – as a core feature
3	Personalized learning-path recommendation system.	Medium	High	3	Yes – as a core feature

Final Selected Concept: EduGenie is an AI-powered learning assistant designed to support students through question answering, beginner-friendly explanations, quiz generation, summarization, and personalized learning-path recommendations.
